**Construction Cost:**  
Approximately \$1.5 million

**Square Footage:**  
4,100

- Components:**
- Meeting Rooms
  - Activity Rooms
  - Therapy and Counseling Spaces
  - Gardens

Rustic, English-Arts and Crafts inspired architecture creates a comfortable de-institutionalized setting for a cancer support and outreach program.

Designed to compliment the wooded site and create a therapeutic environment supportive of the care and counseling services provided.

Residential scale and utilization of hospitality-inspired finishes, furnishing, and fixtures reinforces the mission to provide a healing environment for families and patients.
