

# Spartanburg Surgery Center

Spartanburg, SC

**Completion:**  
December 2009

**Construction Cost:**  
Approximately \$2.5 million

**Square Footage:**  
8,850

- Components:**
- 3 Operating Rooms
  - 3 Procedure Rooms
  - 15 Pre/Post-Op Patient Bays
  - Support and Sterilization Areas

Efficiently designed to enhance patient throughput. Projected to, at a minimum, double the capacity of the existing Outpatient Surgery Center which the facility will replace.

State-of-the-art equipped, spacious operating rooms provide flexibility for varying surgery case loads. ORs 1 and 2 are set up to accommodate orthopaedic surgery.
