

# Batson Associates Dabbles in Digital Architecture; Launches New Firm Website

Designed for **IMPACT**

Batson Associates is pleased to announce the launch of our new website. The expanded and updated site was designed and developed by in-house staff and will be maintained and improved regularly to keep our web presence fresh and our outreach relevant. Our new site features up-to-date information on the firm, the services we offer, a comprehensive portfolio and informative research for our clients and friends. We hope the new site makes it easier to understand who we are, why we are passionate about what we do, and why we enjoy working diligently for our clients. We also hope that the new site reflects upon another dimension of our design capabilities and talents.

Enjoy!
